## Recent Advancement in Mechanical and Material Engineering (RAMME-2020)

## Department of Mechanical Engineering Bhagwant University, Ajmer

A National Seminar on Recent Advancement in Mechanical and Material Engineering was organized by the department of Mechanical Engineering, Bhagwant University, Ajmer on 22.02.2020 (Saturday). In this seminar 65 students from M. Tech, B. Tech, Diploma and 7 faculties of Mechanical Engineering Department was participated. Inaugural ceremony of this seminar was started with a small introduction of the seminar by seminar coordinator Er. Yadram Singh, after that Prof. R.K. Mathur, Dean, International Affairs given an overview and also discuss the importance of this seminar to the participants. The technical session of this seminar started with the lecture of keynote speaker Dr. Chandra Shekhar Rajoria, Head, Mechanical Engineering Department, Government Engineering College, Bikaner. He delivered a wonderful lecture on the topic "Research Prospects in Renewable Energy Systems: A Study from Solar Energy Park at IIT Delhi". Dr. Chandra Shekhar Rajoria discussed in detail about the Renewable Energy, Solar Air Heater, Solar Water Heater and about the energy storage devices during their deliberation. After this second keynote speaker Dr. Dharmendra Singh, Dean (R), Bikaner Technical University started his deliberation on the Topic "Effect of Deformation Technique and Processing Temperature on Material Properties and Microstructure". He was focused on material processing, material treatment and about the microstructure of materials. After that certificate distributed to all participants by Dr. Chandra Shekhar Rajoria, Dr. Dharmendra Singh, Dr. Rajeev Kr. Singh, Dean (A), Prof. R.K. Mathur, Dean (I) and Er. Dhananjay Chauhan, H.O.D, ME. Feedback form was collected by the participants. All the students were very happy and told that this seminar was good for development of our project and has given an extra knowledge apart from our course. In the end of programme vote of thanks was given by programme convener Dr. Munna Verma. The whole programme was completed successfully.
