## OVERVIEW

### INDIAN AGRICULTURE:

Indian agriculture sector accounts for 18 per cent of India's gross domestic product (GDP) and provides employment to 50% of the country's workforce. India is the world's largest producer of pulses, rice, wheat, spices and spice products. India has many areas to choose for business such as dairy, meat, poultry, fisheries and food grains etc. According to the data provided by Department of Economics and Statistics (DES) the production of food grains for the year 2013-2014 is 264 million tons which is increased when compared to (2012-2013) 257 million tons. This is a good symptom for the Indian economy from the agriculture sector.

### ABOUT THE CITY:

Ajmer is a city in the northern Indian state of Rajasthan. Ajmer is surrounded by the Aravalli Mountains. It is the base for visiting Pushkar (11 km), an ancient Hindu pilgrimage city, famous for the temple of Lord Brahma. South of the city's artificial Ana Sagar Lake is Ajmer Sharif Dargah, the domed shrine of the Muslim Sufi saint Garib Nawaz. Nearby, a 16th-century palace built by the Mughal emperor Akbar now houses the Ajmer Government Museum, displaying armor and stone sculptures. A museum at the Indo-Saracenic-style Mayo College exhibits art and taxidermied birds.

### ABOUT THE UNIVERSITY:

Bhagwant University is formed under the aegis of Bhagwant Group of Institutions and has been established by Government of Rajasthan and approved by UGC, as per section 2f of UGC Act 1956. It is a member of IAU, FICCI, AIMA, IAP. It is also an ISO-9001 certified University. Bhagwant University is located on Sikar road, Ajmer. It is about 10 kms. from bus station and 12 kms. from railway station. The University is well connected with bus services at intra-city level and with rail and road at intercity level. The University building is not just aesthetically built but is very functional and well set in green environment.

### ABOUT THE FACULTY OF AGRICULTURE:

The Faculty of Agriculture plays a vital and central role in contributing to the mission of Bhagwant University. We are home to a rich portfolio of strong undergraduate, graduate and Research Scholar programs and we are known nationally and internationally for our innovative research programs. Our enrollments are healthy, and many of our faculty members are conducting cutting edge research that is nationally and internationally recognized. Our faculty embraces the challenge of preparing our students for successful lifetime careers in the field of Agriculture.
